### **Society Insurance Selected to Service Wisconsin Workers Compensation Insurance Pool**

*Extension pushes Society to over 30 years of serving employers and workers in Wisconsin's assigned risk system*

**FOND DU LAC, Wis. (September 1, 2016)** — Society Insurance was recently selected by the Office of the Commissioner of Insurance of the state of Wisconsin for a five-year term as a servicing carrier for the Wisconsin Workers Compensation Insurance Pool.

The assigned risk pool system was designed to make sure that employers can obtain workers compensation insurance even if standard market insurance companies are not willing to provide coverage for their business. Society has been a servicing carrier for the Wisconsin Workers Compensation Insurance Pool since 1987 and is one of four carriers chosen to service the market through 2021.

“As a mutual company founded to provide workers compensation coverage and dedicated solely to business insurance, everything we have to offer – all of our expertise and strength – is focused on protecting the businesses we serve,” Society President and CEO Rick Parks said. “What really sets us apart is how our employees take care of our customer’s needs. I’m proud to say that Society Insurance will continue to make a big difference for business owners and employees in the Wisconsin Workers Compensation Insurance Pool.”
