Society Names Weber New Vice President

New hire will lead new Actuarial Department at Society

FOND DU LAC, Wis. (May 28, 2013) — Society Insurance has hired Dominic Weber to fill the newly created role of vice president – actuary.

Weber has a wealth of experience in the insurance industry, most recently serving as chief actuary at Affirmative Insurance in Addison, Tex. Prior to that role, Weber spent a significant portion of his career with Zurich Insurance Group, where he was intimately involved with the development of a regional company acquisition, Empire Fire and Marine of Omaha, Neb.

Weber was the first actuarial employee at Empire Fire and Marine and built an actuarial staff of 20 as the organization grew into a billion dollar premium writer.

“We’re extremely excited to add Dominic to our leadership team,” said Society President and CEO Rick Parks. “We think his experience in reserving, rate-making, modeling and database development will help Society comfortably transition to the next level in the insurance industry.”

Weber, a native of Kansas City, Mo., graduated from the University of Nebraska with a degree in Actuarial Science.
